

## *A Computer for Jahmai*

What a wonderful experience it was, during our worship service on April 24th, to witness the joy of the drummers from Bethany House, under the direction of Keith Murphy, Executive Director. During his introduction of the young people, Keith mentioned the need of Jahmai Gullory, for a Macintosh Computer to take with him when he begins his studies this fall at the McKeesport Campus of Penn State University, hoping to major in Petroleum Engineering.

On hearing this need I felt a strong urge as if God were telling me, "You can do this." So I walked to the lectern and announced that this young man ought to have this need met and that I would be willing to guarantee the purchase price. Several members of the congregation agreed and began to offer donations, which continued throughout the week and in the worship service on May 3rd.

In addition to Keith's telling us of Jahmai's 3.95 Grade Point Average in High School, he is also one of the mentors of the other students in the Bethany House program. While tutoring there, Audrey worked with him and remarked at how calm and capable he was with the younger children. He is also the male head of his household of seven siblings. He is certainly worthy of our support as a congregation as we continue to relate the ministry of Bethany House.

Additional contributions to the Computer Fund can be made by sending or bringing them to the church.

Thanks,  
Bill Edsall
