2010 Hands On Project

Birthing Kits

Birthing kits are essential in rural communities. They provide the basic, sanitary items to aid in safe and healthy deliveries, reducing the risk of Tetanus infections. Each kit includes soap, latex gloves, plastic sheeting to receive the baby, string, a clean razor blade, two receiving blankets in a zip lock bag.

Host a baby shower in your local congregations and bring the items for the Birthing Kits

Bring completed kits to Fall Festival September 2010
